&SHUFL Price list Faktum

This price list includes selected prices. As a standard, &SHUFL produces all of the formats that are found in the Faktum system (IKEA's previous system) and in Metod (IKEA's current kitchen system). For prices on Metod, see the Metod price list.

In addition to the standard assortment we produce fronts, doors, side panels, floor boards, and countertops to measure, so you can get specially-designed solutions for your kitchen. Sides and countertops are specially-produced without an additional fee. Fronts and doors that are specially-produced to measure require an additional fee of 10%. If you'd like prices on formats you don't see in this list, you are welcome to contact us.

Descriptions of the options (colors, finish type, et.) that are available for the various materials can be found on our website: www.andshufl.com.

What should the handle look like?

You can choose either a black, stainless steel or brass backplate for our handles. The handles on the door can be placed to the left, the right, or in the center. You just need to make sure that the handle and hinge placements are correct when you order from us.

Do you have a kitchen that didn't come from IKEA?

We also produce doors and fronts for other kitchen brands. All we need is the precise measurements from you to produce to. Please note that we produce without drill holes. The price for specially-produced doors and fronts includes an additional fee of 10%.

Dress up your closets and bathroom furnishings with &SHUFL.

We also produce closet doors for IKEA's wardrobe solution PAX, and for the bathroom furnishings line Godmorgon.
