Smukke træskuffer til dit køkken

Drømmer du også om fingertappede snedkerskuffer til dit køkken?

Hos os kan du få lækre træskuffer i snedkerkvalitet, der passer til IKEAs køkkensystem Metod.

Du kan få dem i tre smukke træsorter: eg, røget eg og hvid ask.

Snedkerkvalitet med olieret overflade

Alle skuffer er fingertappede og produceret i massivt træ, der er udvalgt med omhu.

Vi har valgt at oliere dem, så de får et varmt og smukt udseende og en behagelig overflade.

At de er olierede betyder også, at de er lette at vedligeholde og friske op hvis de får ridser, i modsætning til skuffer med en lakeret overflade.

Bestikindsatser designet til dig

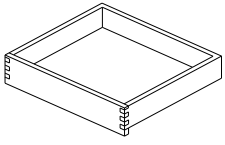

Vi har tegnet og producerer mange forskellige bestikindsatser, så alle drømme om orden i skufferne kan blive opfyldt.

Der er indsatsler med både små og store, få og mange rum.

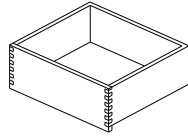

De passer til alle tre skuffebredder: 40, 60 og 80 cm, og fås i alle tre træsorter.

Vi har gjort det nemt: bestilling, levering og montering

Ved du allerede hvilke træskuffer, du vil have, laver vi hurtigt et tilbud til dig, så du kan se hvad det koster.

Køber du køkken samtidig med træskufferne, laver vi en tegning til dig og din montør, så det er nemt at se, hvor de skal monteres.

Du får leveret træskufferne samtidig med dit køkken, og alt tilbehør til montering følger naturligvis med.

Desuden har vi udarbejdet en overskuelig monteringsvejledning, som du kan give til din montør.

Vil du gerne have træskuffer? Send os en mail på hello@andshufl.com eller aftal nærmere med vores arkitekter, når du besøger vores showroom, hvor du også kan se træskufferne.
